

PRESS RELEASE

FOR IMMEDIATE RELEASE

Speed Script Partners with PPOk / Rx LINC

LENEXA, KS – SEPTEMBER 6, 2007 - *Speed Script* has added PPOk/Rx Linc, a private network owned and operated by working community retail pharmacists, to its list of switching partners. According to Lonny Wilson, CEO and Executive Director of PPOk and Rx Linc, “Interoperability of our systems with *Speed Script* will provide an opportunity for our mutual stores to receive enhanced services related to third party contract management, contract compliance monitoring, real time MAC pricing evaluations, Pre/Post editing, electronic reconciliation of claims, and access to SureScripts electronic prescribing. We look forward to working with *Speed Script* to maximize the efficiencies and profitability of retail pharmacies.”

About PPOk

Pharmacy Providers of Oklahoma has offered enhanced pharmacy solutions to Independent Community Pharmacists since it was founded in 1985.

PPOk provides central contracting solutions through its unique RxSelect Chain Network. Contract negotiations have yielded improved reimbursement, along with better terms & conditions for its members. Central Payment Solutions utilizing EFT has provided administrative savings, improved payment time frames and elimination of lost checks. Pharmacies receive payments five days a week and are paid on the same day of receipt by PPOk.

By combining volume and compliance, PPOk has also operated one of the most successful retail pharmacy buying groups in the nation since 1987. Through negotiations with wholesalers, manufacturers, distributors and service providers, they have been successful in obtaining impressive discounts to ensure the profitability and competitiveness of participating pharmacies.

PPOk developed Rx Linc as a cost saving Switch alternative utilizing high-speed telecommunications technology. RxLinc provides maximum connectivity exceeding 99.99% uptime and has a record of exceptional customer service.

Rx Linc, member pharmacies may participate in data management services, which offer access to industry-best services provided by PPOk/RxSelect, such as PBM Contract Compliance, MAC evaluation, eRecon (electronic reconciliation of claims), Pre & Post editing services, ePrescribe through SureScripts, Central Contract Administration and Central Payment services.

PPOk’s eRecon program not only offers reconciliation of third party claims, they also provide bi-monthly push-out reports, claims chasing, and recovery of missing or delinquent claims payments.

“We’re very impressed with the team at PPOk/Rx Linc and with the unique business model they represent,” says *Speed Script* founder and president, Ron Davis. “We look forward to a long and successful relationship with PPOk that will benefit all our customers.”
